## DETAILED ACTION

### *Continued Examination Under 37 CFR 1.114*

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 4/17/06 has been entered.

### *Priority*

2. Submission of the translation of the foreign language application (KR P2003-21116) is acknowledged. Thus, JP 2003-195784 (Chiyabara) is not available as a prior art.

### *Election/Restrictions*

3. This application is in condition for allowance except for the presence of claims 16-30 directed to an invention non-elected without traverse. Accordingly, claims 16-30 have been cancelled.

### *Allowable Subject Matter*

4. Claims 1-15 are allowed.

5. The following is an examiner's statement of reasons for allowance: The prior art fails to disclose an LCD having an applied horizontal electric field comprising, inter alia, a passivation film that surrounds and exposes an **entire upper surface** of a gate pad, data pad and common pad. The above limitations in combination with other claim limitations are not taught or fairly suggested by the prior art nor would it be obvious to modify the references of record so as to yield the device of the instant application.
